

pARTner project registration form for artists & writers in prison

Justice Arts Coalition's pARTner project provides creatives on the outside an opportunity to foster connection with creatives in prison through letter correspondence and the exchange of works. Unlike typical penpal programs, the pARTner project's focus on the arts provides an immediate point of connection — a common ground shared by all who have felt the power of creative expression in shaping who we are, how we see the world around us, and how we see ourselves. For those participating in the pARTner project, art and creativity become the catalyst for mutual support, encouragement, and inspiration. Please note: the pARTner project is not intended to be a way to seek romantic relationships.

If you are interested in being connected with an artist outside, please complete this form and mail it to:
